

Group “contract” TMA4300

When a group has been established the group members will meet to decide on how the group work will be conducted, and how potential conflict should be avoided.

The group COPY this file, fill in for each item, sign the form and send by email to sara.martino@ntnu.no

1) Give the group a name.

Tinius & Casper

2) Group roles

Flat organization

Split work approximately 50-50

3) Meetings and work within meetings

Zoom-meetings regularly (approximately 2 times a week)

Work with what is agreed the previous meeting.

4) Finishing and handing in the project

We seek to finish the project 4 days before the deadline to have a buffer.

The one who works on a problem will be responsible for the codes, plots and writing in relation to that problem.

5) Decide on how you plan to handle potential conflicts

- If a conflict arise, the group will counsel the lecturer to help resolve the issue.

6) Communication

- An open dialog with continuous feedback will be the norm.
- Asking for help
- Communication is done over Facebook or zoom.

Signature from group members
